- If you see a fire, call 911
- If asked to evacuate – Do so immediately
- To understand where events are happening go to SoCoEmergency.org for local emergency updates and maps

RED FLAG WARNINGS

A Red Flag Warning means that there is an **increased risk for fire danger** due to warm temperatures, very low humidity and stronger winds.

The following activities are strongly discouraged when a Red Flag Warning has been issued:

- No wood or charcoal **camp fires** in forests during periods of high fire danger.
- Thoroughly **extinguish all cigarettes** and smoking material.
- Don't **pull your vehicle over** in grass as it can spark a grass fire. If necessary, pull over on paved roads.
- Use **spark arrestors** on portable gasoline powered equipment to avoid an accidental fire.
- Ensure **trailer chains** don't drag on the ground and spark.

EARTHQUAKE INFORMATION

The graphic consists of three blue panels. The first panel shows a white silhouette of a person dropping to the ground, with three downward-pointing arrows to the right. The second panel shows a white silhouette of a person crouching low to the ground with their head tucked under their arms, with three rightward-pointing arrows above. The third panel shows a white silhouette of a person crouching under a table, with the table's legs and top visible.

DROP! **COVER!** **HOLD ON!**
Protect Yourself During Earthquakes

If within 10 miles (16 km) of the coast:

The graphic shows a white silhouette of a person running up a dark blue hill. To the left of the hill, there are stylized white and blue waves representing a tsunami. The background is white.

GO TO HIGH GROUND OR INLAND!
The Shaking is Your Tsunami Warning

The graphic shows a white silhouette of three people (two adults and one child) standing on a dark blue cliff. Below the cliff, there are stylized white and blue waves representing a tsunami. The background is white.

STAY THERE!
Tsunami Waves May Arrive for Hours
